Editor's comment:

*Your time is limited, so don't waste it living someone else's life.
Don't be trapped by dogma - which is living with the results
of other people's thinking. Don't let the noise of others' opinions
drown out your own inner voice. And most important,
have the courage to follow your heart and intuition.*

Steve Jobs (1955-2011)

So, here's the first of the May issue of The Newsletter. We received so many lovely emails and phone calls, saying how much you enjoyed the last one that, as long as you all keep your input coming, we will produce two a month. Thanks to so many members for sending us concession stamps, we now have enough to post out to those members who do not have the Internet, for ten more issues!

Our Membership Officer, Barbara Davis, would like to remind those members that haven't paid yet, that your Membership fees are about to become overdue. If you no longer wish to be a member, please inform her, as we have to pay the capitation fees to PSPL. If you are unable, or do not like to do online banking, then you can post a cheque to her as we now have the facility to pay them directly into the Club's Bank account.

Please contact Barbara on 0412 629 945 for address & details.

I hope you are all keeping safe by observing the social distancing, we are doing very well compared to a lot of other countries, but we must not become complacent. A lot of our success is due to a relatively small population in a very large Continent/Island. Even taking into account the large areas that are not great to live in, we are well spaced, even in our Cities. The UK has 274 people per square kilometre, Australia has 3.3!! Like all of you, I can't wait until the time we can have, not only our meetings, but Ernie's Lunches, Coffee Mornings, Walking and Gardening Groups, Dinners, Trips etc. But, most of all, come out the other side with all our members, safe and sound.

Review: TV Series KILLING EVE

3rd Series ABC

Firstly, I must endorse Karin Figg's choices in our last issue, of **Stateless & Mystery Road**, although I thought the script of the 2nd episode of **Mystery Road**, was a little average!

My ABC pick is **Killing Eve S3** unfortunately I can only find **S1** on **Stan** & no sign of **S2** anywhere, which is a shame! Starring **Jodie Comer** as **Villanelle**, the utterly psychotic assassin and **Sandra Oh** as **Eve**, an MI5 agent lent out to foreign intelligence agency, MI6 to help track down **Villanelle**. There are so many sub plots in this show around the main plot, that you really have to concentrate, which is good as it keeps your brain active.

STAN: Movie to watch:

Parasite over two hours long with sub titles and I still give it 9.9 out of 10. If the sub titles had been outlined or in yellow, it would have been 10. This film has everything, so many twists and turns, just when you think you know where it's heading, it does a U turn on you and the comedy is top draw, a must watch.

STAN: TV Series:

Friday Night Dinner: A good lunchtime watch, just 20mins. long. A dysfunctional Jewish family's Friday night dinners with an even more dysfunctional neighbour.

Tamsin Greig from **Green Wing** and **Episodes** plays the mum and **Mark Heap**, also from **Green Wing** plays Jim the neighbour.

Better call Saul: A spin off from **Breaking Bad**. Excellent, can't get enough of it!

Bad Move: Another good lunchtime watch. This Sitcom stars the laconic **Jack Dee** and **Kerry Godliman** as his wife. A move to the countryside doesn't become the dream they hoped for!

Doctor Foster: A BBC drama series starring **Suranne Jones (Scott & Bailey)** and **Jodie Comer (Killing Eve)**.

NETFLIX: Just room for a list only.

Series: After Life (Ricky Gervais). 5*
Detectorists (Macenzie Crook, Toby Jones)
Peaky Blinders (Cillian Murphy, Sam Neill)
Ozark: (Jason Bateman, Laura Linney, as Marty & Wendy Bird and Sofia Hublitz as Charlotte)

Black Mirror: Is a British dystopian science fiction anthology television series created by **Charlie Brooker**.

Dancing with the Birds: narrated by **Stephen Fry**. Stunning cinematography, mainly of Birds of Paradise.

Sunderland til I die: Soccer Documentary.

WHY PARENTS DRINK

The boss wondered why one of his most valued employees was absent but had not phoned in sick. So he dialed the employee's home phone number and was greeted with a child's whisper.

"Hello?"

"Is your daddy home?"

Small voice whispered, "Yes, he's out in the garden,"

"May I talk with him?"

The child whispered, **"No."**

So the boss asked, "Well, is your Mummy there?"

"Yes, she's out in the garden too."

The boss asked; "May I talk with her?"

Again the 'No'.

Hoping there was somebody with whom he could leave a message, the boss asked, "Is anybody else there?"

"Yes", whispered the child, **"a policeman."**

Wondering what a cop would be doing at his employee's home, the boss asked, "May I speak with the policeman?"

"No, He's busy," whispered the child.

"Busy doing what?"

"Talking to Daddy and Mummy and the police dog men."

Growing more worried as he heard a loud noise in the background, the boss asked, "What is that noise?"

"It's a helicopter" answered the whispering voice.

"What is going on there?" demanded the boss, now truly apprehensive.

"The search team just landed a helicopter."

"A search team?" said the boss "What are they searching for?"

Still whispering, the young voice replied with a muffled giggle...

"ME"

Hello Probus Friends. This project has kept me and my team busy for the past month. The 'MyAus COVID-10 App'! If you have family or friends with English as their second language and are struggling with understanding the COVID-19 restrictions - we've launched a new App that allows you to switch between English and 10 other languages (with 14 more coming soon!). It's free, does not track your whereabouts, has more information than the other apps and is way better to look at. There are currently over a million people in Australia who struggle with getting the information in a way that they can understand it. Download if you can and let me know what you think.

Languages will include Spanish, French, German, Italian, Greek, Mandarin, Cantonese, Arabic, Persian and many more... Share if you know someone who could do with the App :)

Information includes safety tips, health tips, financial assistance, state-based information, stats, schooling tips and much much more.

Regards
Galvin Scott Davis
